## Gift Certificates

Give the gift of peace and joy this holiday season with a gift certificate to M.T. Wellness!

What better way to show someone you care than to help take away their pain with medical restorative massage therapy.

Call M.T. Wellness today at 614-273-0810, or pick up a gift certificate the next time you visit.

M.T. Wellness gift certificates are the painless, stress-free way to shop this holiday season. And be sure to ask about our new package plan coming in 2007!

Greetings! Great things have been happening at M.T. Wellness Clinic in 2006, and I wanted to take this opportunity to share them with you.

In January, we were invited to become a service provider for The Ohio State University Managed Care System. As part of their health care plan, all university employees and their covered family members may be referred to our clinic to help them ease pain and restore physical function.

Because of wonderful opportunities like this, we are consistently growing here at M.T. Wellness. We welcome Mary Brokcamp and Jodi Newman as full-time Licensed Massage Therapists. Like all M.T. Wellness employees, they are getting their masters level training at our Masters Center. And the next time you visit, please say hello to our new administrative assistant, Ashley Carr.

In the spring, I was honored to return to my alma mater, the American Institute of Alternative

Medicine, to speak to their graduating class. It's hard to believe it's been 10 years since I received my own degree there! We have also been happy to work with AIAM on some continuing education courses for Licensed Massage Therapists.

In June we celebrated our first graduating class at the new M.T. Wellness Masters Center! Two interns earned an advanced certificate in Medical Restorative Massage Therapy. We'll tell you more about the graduates and the current fall program in the pages ahead.

We are happy to share these developments with you, our clients and friends, because you help make them possible! We appreciate your continued support, and we wish you happy holidays and all the best in 2007!

Thuy Bowyer, LMT
